

## > MAXHUB Room Booking System

The combination of technology  
and art

Art and Design | Synchronize with the Conference  
Visually Attractive | Centralized Management<sup>1</sup>

### Elegant and modern style with an artistic design

Equipped with 21.5ft screen, surrounded by durable aluminium frame, emitting its own elegance.

### Display information and live updates of the conference

Able to synchronize with the pre-set message of the conference room<sup>2</sup> and show the status of the conference room.

### The artistic mode transform company into museum

The exquisite screen gives people an unforgettable experience to enjoy the world-famous paintings.<sup>3</sup>

### Anti-dazzle Screen | Anti-glare panel

### The efficient and effective centralized system

Management of the multi room booking systems and their setting can be controlled through the centralized control system<sup>4</sup> for efficient and effective operation.

1. The centralized control system is needed to be purchased individually.

2. Room booking system software with license is required and need to be purchased individually. Through the room booking software, pre-set message, status and booking information of the conference room can be synchronized and display.

3. Internally saved 30 paintings in the system.

4. Users can set the presenting style, content and the time of turning off and on.

\* For the UI varies on the products, please refer to the products on sale.

## Product Feature

### Display Information

Size	21.5 inch
Ratio	16:9
Backlight Unit	ELED
Resolution	1920*1080
Visible Angle	170°
Technology	Anti-dazzle and Anti-glare

### Operating System

Supporting System	Android 7.1
CPU	Quad-core A53
GPU	5 Core Mali
RAM	1G
ROM	8G

### General Function
